

Inspire | Innovate | Diversify

Whirlmarket Technologies is an Information and Communication Technologies Service and product provider. The company is based in South Africa and aims to be one among the global leaders in consulting, technology, and outsourcing solutions. As an ICT company and proven partner focused on inspiring tomorrow's enterprise, Whirlmarket Technologies enables its partners to outperform the competition thereby staying ahead of the innovation curve. Whirlmarket Technologies has a combined experience of 23 years in the field of Information and Communication Technology ranging from Customer Service, Networking, Marketing, Consulting, ISP, Trading, ICT Infrastructure Security, Product & Project Management among other services. We provide businesses with strategic insights on what lies ahead in terms of ICT developments. We help our clients transform and thrive in a changing world through adoption of relevant methods of doing business, consulting, Solution Provision, operational leadership, and the co-creation of breakthrough solutions.

Whirlmarket Technologies was founded on the principle of building and implementing great ideas that drive progress for clients and enhance lives through enterprise solutions. We strongly believe in working closely with our clients and delivering world class service to all. Our clients and their business is the heartbeat of Whirlmarket Technologies. We believe in Inspiring new ideas, Innovation and diversification of both ideas and business models. We believe our responsibilities extend beyond business. That is why we adopted a Relief Organization – to provide assistance to children and those who are socially and economically depressed in society. Ethics are our guiding principle and Excellence is our tradition.

Mission Statement

Guided by unrelenting focus on our three imperatives, we continuously endeavour to uphold and implement the relevant initiatives required to achieve our vision. In doing this, we deliver operational excellence in every dimension of the Company to meet and exceed our commitments to the valuable clients we serve. All our long-term strategies and short-term actions are driven by a set of core values that are shared by each and every associate of Whirlmarket Technologies.

We earned the trust of our customers and suppliers through dedication to duty, diligence, and dependability. Our business is built on the basis of sustainable relationships that provide the best value. We focus our energies on our core businesses: Technology Solution Provision, Selling and Capacity enablement. In our effort to be the business partner of choice, we strive to Inspire new ways of doing business, Encourage Innovation and promote Diversification.

We take the initiative to continually meet our customers' performance expectations and help them succeed in their markets. We are committed to integrity and professionalism in all our relationships. We believe that we have a corporate responsibility to society, which we will meet by our actions. This Mission Statement guides all we do at Whirlmarket Technologies today and sets our direction for tomorrow. We believe in it and we work by it.
